

K-12 Education Offerings

Discover your possibilities.

Spacesaver Specialists, Inc. offers innovative ways to efficiently store more in the same amount of space for areas throughout your school - Athletics, Libraries, Performing Arts, Administration, Classrooms, Security, Labs/ Science Rooms - we have a solution that can accommodate your needs and fit your budget.

Anyone familiar with athletic storage knows the game: stuff gets thrown in a pile on the floor and no one can find anything, stuff gets lost, stuff gets broken and needs to be replaced, new stuff is introduced every season, and used stuff starts to stink, all too quickly. We can help! We customize our storage systems around your needs, if you have it, we can store it. Busy P.E. teachers and coaches need quick access to the right sports gear. Even if your school doesn't have much room for storage, you can still save time and keep sports equipment organized!

SPACE TO THINK IN TODAY'S LIBRARY

When it comes to school libraries, at any age level, there's been a large focus on providing more than just a place to study or checkout a book. There are many factors when re-purposing libraries and selecting school library shelving. Sometimes it's not about making room for more collections, but reducing your storage space all together. Many school libraries are going digital and providing downloadable options for current and future collections. Reducing paper storage of books allows for libraries to use space for other things like:

- Collaboration Workspaces
- Cafes
- Digital Media Labs
- Private Meeting Areas
- Study Spaces

From 4-Post shelving with customized end panels and a variety of accessories to library shelving on casters, we have library solutions to fit your needs.

We offer a variety of storage solutions and furniture for your performing arts program. Protect and organize instruments, sheet music, costumes and props.

STRIKE THE RIGHT NOTE WITH MUSIC CLASS FURNITURE

Create an attractive, inviting music room that showcases and provides easy access to instruments while providing abundant space for sheet music and uniforms.

Reinforcing your brand.

Your administrative offices should reflect the school's brand to the community. Create the image you want to project via thoughtfully chosen space layouts, furniture selection and color palettes. Our furniture also builds in functionality to support greeting and controlling visitors, meeting with students and parents, training staff and completing other school responsibilities. We have solutions for all of your administration areas; front office, teacher's lounge, mail-room, and more!

With a high-quality STEM program comes the need for a high-quality laboratory storage system to protect expensive and potentially hazardous lab supplies and equipment. Labs and academic buildings are key to providing students with an excellent learning experience.
