

FreeStyle®
PERSONAL STORAGE LOCKER

CUSTOMIZE THE **STORAGE MOVEMENT:**

Spacesaver FreeStyle®
Personal Storage Locker

ADAPTABLE

FOR YOUR USE

Everything Changes:

People. Equipment. Storage Requirements.

Here's a locker system that changes just as fast. Start with sizes that fit your space and configurations that meet your demands. Then include a range of accessories that adapt to your needs. The FreeStyle® Personal Storage Locker from Spacesaver is the **only on-site, end-user reconfigurable locker of its kind.**

FreeStyle®
PERSONAL STORAGE LOCKER

MAKE TOUGHNESS

A REQUIREMENT

Rugged, Durable Steel Construction

Strength designed in every aspect

Double-wall welded doors stand up to continuous daily use without damage or deflection

Welded 18-gauge cabinet construction, with reinforced corners for added rigidity

Built Strong for Lasting Value

Tough enough for years of aggressive use

Flexible enough to meet the needs of every individual user

Adaptable enough for changing needs

Designed for your heaviest supplies and equipment, FreeStyle® can support up to 300 lbs. per shelf.

TAKE CHARGE

All lockers are designed for modular plug-and-play electrical components to bring power to lockers for chargers, shavers, laptops, and other devices. Add power now or later.

MAKE CHOICES

WITH CONFIDENCE

One Locker: Hundreds of Possibilities.

Adjustable Accessories

Unique design allows infinite custom configurations.

Document Holder

Door mounting allows easy access to documents and notebooks.

Lockable Box Kit

Use this kit and add a lock to store handguns and other valuables.

3-Hook Bracket

Hook bracket can be moved up and down, and from one side of the locker to another.

Hook Kits

Add single hooks to the side of the modular shelf or a double-hook to the bottom for more hanging storage.

EZ Rail® element

Flexible support rail for storage of hanging bins, slat wall accessories, and weapons components.

Support Rail

Used for secure storage of weapons components and other specialty accessories.

Universal Base

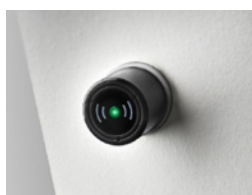

Used in conjunction with EZ Rail element and Support Rail to store weapons components.

DIGITAL KEYLESS LOCK OPTIONS

FreeStyle® lockers are compatible with several of the leading digital keyless locks, some of which incorporate smart locking mechanisms that allow users to easily access stored materials and track when and by whom units are used.

Air Extraction Ready

All full-height lockers and accessories include standard features which naturally promote air circulation through the locker. Add air extraction mechanicals now or later.

Accessory Spacing: To promote airflow, all accessories are positioned away from the rear locker panel.

Built-in Air Baffle: Adjustable vent enables lockers to be balanced for air circulation.

Louvered Doors and Drawers

Louvers help direct optimal air circulation.

Visibility/Circulation

Diamond perforated doors offer visibility as well as natural air circulation and ventilation.

Ventilation Rack

Sliding rack that sits in bench drawer for ventilation.

Adjustable Shelf with Garment Hanger

Provides clothing separation for better drying.

Louvered Shelf

For ventilation and drying – great for body armor.

HVAC Chimney

Used to hide the HVAC duct work installed to remove moisture and odor from lockers.

Drawers and Shelves

Modular Shelf

Available in 12" and 24" heights. Add accessories to further compartmentalize and customize the locker.

Adjustable Shelf

Available in standard and heavy duty capacities for storing everything from clothing to ammunition.

Internal Drawers

6" and 9" high drawers offer more custom space, and are available in locking or non-locking configurations.

MECHANICAL LOCK OPTIONS

Our proven, durable lockers deliver secure access to belongings through several analog locking mechanisms including key, combination, or hasp function.
